

# Join our free online courses

If you have babies or small children and feel overwhelmed, stressed and anxious, then join us in our 8 week interactive, therapeutic virtual sessions.

Have some space for yourself and a chance to share your experience with others in a small group. We use movement, mindfulness and other therapeutic techniques. It's better for you if you are child free but if this isn't possible we will welcome both you and your baby.

## Virtual course start dates & times:-

Tues 7th June 2022, 13:45 - 15:00
